Valistractor Training

What is the training about?

Training in the Valistractor will enable quality data to be extracted from SA SAMS so that it can be successfully loaded onto the DDD Dashboard. All SA SAMs Administrators and Principals should attend this training.

How long is the training?

½ Day

What is covered?

- **Valistractor Training**
- The importance of **Data Quality** and how to draw **data from SA SAMS**
- Be able to **use and navigate** the Valistractor effectively
- Be able to **troubleshoot** any areas of poor data quality
- Be able to **extract data** successfully for inclusion onto the DDD Dashboard
